

Mediterranean monk seal sightings along the coast of Albania database

Archipelagos

The present database is an outcome of the project
Sustainability, threats, presence and habitat use of the Mediterranean monk seal in Albania
Funded By **CEPF-Critical Ecosystem Partnership Fund** (Grant N° CEPF-109941)
and co-funded by **OceanCare**
Prepared by **Archipelagos - ambiente e sviluppo, Italia**

To and in collaboration with the managing authority of the **National Marine Park Karaburun-Sazan** (Parku Kombetar Dëtar Karaburun-Sazan), the **Regional Administrative of Protected Area-RAPA Vlorë** (Administrata e Zonave Mbrojtura Vlorë).

In consideration of the sensitivity of the reported data, no part of this database should be made publicly available without the express and simultaneous consent of RAPA Vlorë and Archipelagos - ambiente e sviluppo, Italia

Archipelagos - ambiente e sviluppo, Italia. 2021. Database of Mediterranean monk seal sightings along the coast of Albania. Compiled by L. Bundone, internal document to RAPA Vlorë. Within the context of the Project "Sustainability, threats, presence and habitat use of the Mediterranean monk seal in Albania". Grant n°CEPF-109941, funded by the Critical Ecosystem Partnership Fund (CEPF). Co-funded by OceanCare.

Venice, Italy May 2021
