Narrative Questions
1. What was the initial objective of this project?
To achieve consensus among stakeholders on the key conservation actions needed to for long-term conservation of the Philippine Eagle.
2. Did the objectives of your project change during implementation? If so, please explain why and how.
They did not.
3. How was your project successful in achieving the expected objectives?
Yes, although more than one meeting was required to achieve the agreement to form the Philippine Eagle Alliance.
4. Did your team experience any disappointments or failures during implementation? If so, please explain and comment on how the team addressed these disappointments and/or failures.
None.

5. Describe any positive or negative lessons learned from this project that would be useful to share with other organizations interested in implementing a similar project.

Without doubt the key outcome and lesson of this meeting was the development of trust between the parties at the meeting.

6. Describe any follow-up activities related to this project.

Philippine Eagle Alliance, which is a consortium of NGOs and relevant government agencies, came to be as a result of a series of workshops and meetings in 2003 and 2004. CEPF is now supporting complementary projects that grew from the alliance members plan for a collaborative national approach to the eagle's conservation.

7. Please provide any additional information to assist CEPF in understanding any other aspects of your completed project.

I need to record here that the residue of the grant was held over by BirdLife so that I could then attend a follow-up meeting in Manila at the start of November. Therefore, the project grant money paid for two attendances at meetings under this project heading.
